**Chi-X Australia added to Morningstar's Market Data solutions**

SYDNEY, 1 May 2019 – Morningstar today announced the addition of Chi-X Australia to its global market data solutions, which offer broad market coverage, the ability to do in-depth analysis through proprietary statistics, and flexible delivery options.

The addition of Chi-X Australia data brings Australian investors greater choice and clarity about investment products available on the market. Chi-X Australia's real-time data covers Australian cash equities, exchange-traded funds (ETFs) and products unique to Chi-X Australia, including Transferable Custody Receipts (TraCRs). "We are thrilled to be working alongside Chi-X Australia as we integrate their data into our global market data solutions," said Graham Dixon, Morningstar Australasia's head of product & client solutions.

"At Morningstar, we are committed to empowering investor success, and our high-quality data and research provide independent perspectives that support investment decision-making around the globe. Expanding our data coverage with exchanges such as Chi-X Australia helps increase the opportunities for investors and those that serve them to access new pools of liquidity and differentiated investment products, such as the TRaCRs, ETFs and Warrants listed on Chi-X Australia.

"Clients that use Morningstar's real-time, delayed or end-of-day data feeds can now receive access to Chi-X Australia in a seamless manner, leveraging our easy-to-integrate, content-rich, web services platform, snapshot files or streaming feeds," Dixon said.

"We are pleased to be expanding accessibility to Chi-X's market data through this important relationship with Morningstar. As a market challenger, Chi-X is committed to improving market efficiencies and providing cost-effective access to local and global investment opportunities," said Vic Jokovic, chief executive officer, Chi-X Australia.

### **About Chi-X Australia**

Chi-X Australia (CXA) is the innovative securities and derivatives exchange committed to transforming, improving and growing Australian investment markets by providing brokers and investors with the most efficient and cost-effective access to local and global investment opportunities.

This focus has seen Chi-X's trading platform for Australian listed securities grow strongly from its launch in October 2011 to have achieved over 20% market share and trade over \$1 billion a day in cash equities. Today, the ASIC regulated market operator provides investors with a combination of world class technology, innovation and cost-efficient product offerings that has attracted close to 50 market participants and thousands of investors.

The Chi-X investment product platform offers trading across a range of unique products including Transferable Custody Receipts, or TraCRs, which give Australian investors access to the benefits of owning US shares in companies behind some of the world's biggest brands.

TraCRs are exclusively quoted and traded on Chi-X.

Chi-X also offers over 900 uniquely quoted warrants across a range of asset classes including equities from Australia's largest companies, indices, currencies, commodities and fixed income.

The Chi-X Australia 200 Index (CXA 200 Index) is a free-float capitalisation weighted index that captures approximately 80% (by total market capitalisation) of the Australian equity market. The index measures the performance of the largest 200 companies and is calculated using transacted prices from the CXA market. All index values are real-time or end-of-day.

Chi-X® Asia Pacific Holdings Limited is owned by funds managed by New York private equity investment firm J.C. Flowers & Co. LLC.
